

Battle Rhythm - Daily and Periodic Tasks Performed in GCSS-Army

Transaction Codes (T-Codes) Used Regularly in the GCSS-Army Portal

SBWP	Use this transaction (Business Workplace) to view messages from others working in the system. Also, send and receive notifications of work awaiting action.
/iSDFPS/DiSP_MAT_SiT	Use this transaction to print unit hand receipts and/or consolidated property listings (CPL).
MM03	Use this transaction to view catalog data for material.
iQ09	Use this transaction to research by serial number in order to determine the Force Element and/or Storage Location (SLoc) for a piece of property.
/iSDFPS/LSP1	Use this transaction to view organizational and logistical data including organizational structure, authorized and assigned material, and personnel for a Force Element (FE) or organization.
ZMi21	Use this transaction to print count sheets for inventories created by the PBO with quantities, serial numbers, etc. for validating material on the property book.
/iSDFPS/MAT_COMP	Use this transaction to review equipment posture of the unit, including shortages and excesses.
/iSDFPS/MAT_ASSiGN	Use this transaction to assign section property to individuals.
Review Reservations from Units	
	Use MB25 , MD04 and ME5A to manage reservations (MtlRes/OrdRes), Purchase Requests (PR), and Purchase Orders (PO) for provisions.
ZPROSTAT	Use this transaction to view order status reports for units.
VL06i	Use this transaction to view inbound deliveries awaiting pick-up at the SSA by units.
VL06O	Use this transaction to view the status of Outbound Deliveries from units.
ZMB59	Use this transaction to view transactions to the Property Book and other goods movements.
